

To all SPAWAR Team Mates,

This is an update for Wednesday 12 Sept 2001 at 1800.

The Department of Defense has reduced its Threat Condition to CHARLIE.

- **Administrative leave for civilian employees has been canceled, however Liberal Annual Leave is authorized at supervisors discretion.**
- **Parking on the Old Town Campus is still very restricted.**
- **The use of Mass Public Transportation and car-pooling is highly encouraged.**
- **Access to the Old Town Campus will remain restricted.
All Visitors to the campus must be approved by the SPAWAR CDO.**
- **Be prepared for delays.**
- **Check your office phone voice mail. We have posted a detailed update in your voice mailbox.**

I encourage each of you to fly your Flags at home, make donations at the local blood banks and take time to stop and remember our fallen comrades and our fellow American Citizens.

Thank you again for your continued outstanding service.

Regards

**RADM Ken Slaght
Commander, SPAWARSYSCOM**
